PROFILE

Dedicated and creative web developer with hands-on experience in front-end development and event coordination. Skilled in designing user-friendly interfaces and building responsive websites using modern web technologies. Passionate about delivering impactful solutions, demonstrated through projects like a blockchain-based voting system and organizing large-scale events such as the Otaku Festival. Actively seeking an internship to contribute to innovative projects and further enhance my skills in the IT industry.

SKILLS

- Programming Languages: HTML, CSS, JavaScript
- Frameworks/Libraries: React, Node.js
- Tools & Technologies: Git, VS Code, Figma, Mongo DB
- Soft Skills: Problem-solving, teamwork, communication, time management

PROJECTS

BLOCKCHAIN VOTING SYSTEM

December, 2024

- Developed a secure and transparent online voting platform using blockchain technology to ensure tamper-proof election processes. The system addresses common challenges in traditional voting methods, such as fraud, lack of transparency, and accessibility issues. Key features include user authentication, real-time vote tallying, and a secure voting ledger.
- Technologies used: Nextjs, React, JavaScript, Solidity, Mongo DB, Ganache, MetaMask, and Truffle
- Role: Frontend Developer — Designed and implemented user-friendly interfaces for voter registration, voting, and results visualization, ensuring an intuitive and responsive user experience.

EDUCATION

SECONDARY SCHOOL IN SCIENCE

Vishwa Adarsha College
2018- 2020

BACHELOR DEGREE IN BSC. CSIT

Godawari College
2021- present

VOLUNTEER WORK

Otaku Festival Itahari
2022 - 2024

- Managed sponsorships, securing funding and partnerships.
- Promoted the event via social media, boosting attendance.
- Oversaw event activities to ensure smooth execution.
